1936.

Review of municipal taxation and expenditure in the Bombay Presidency including Sind for the year 1934-35.

GOVERNMENT OF BOMBAY.

General Department.

Resolution No. P. 55.

Bombay Castle, 17th March 1936.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities and notified areas in the Bombay Presidency for the year 1934-35.

Resolution.

Part I.

Summary.

Number and area.—The total number of municipalities in the Bombay Presidency including Sind at the close of the year under report remained the same as in the previous year, viz., 154 (excluding the Karachi Municipal Corporation). Of these, thirty were governed by the Bombay Municipal Boroughs Act, 1925, and the rest by the Bombay District Municipal Act, 1901. The number of notified areas (exclusive of those which merely exist for the purpose of enforcing building regulations and do not levy taxes) were six in the Bombay Suburban district, one each in the Poona and Satara districts of the Central division and five in the Southern division. The long pending question of the reorganisation of local bodies in the Bombay Suburban district was settled during the year by a portion of the Santa Cruz notified area together with Kole-Kalyan village being amalgamated with the Bandra municipality, the remaining portion, viz., the Tara area, with the Juhu municipality, and the Andheri notified area, together with some adjoining villages with the Vile Parle municipality. These changes were given effect to from the 15th February 1935 and have been showing good results since the close of the year, inasmuch as the new drainage scheme of the Bandra municipality is likely to be extended to Santa Cruz, which could not have hoped for such an amenity as a notified area.

2. *Change in the population and boundaries.*—The total population resident within municipal areas was 29,88,328 as against 29,66,956 in the preceding year. The increase was due to the extension of the limits of the Bandra, Vile Parle and Juhu municipalities. There was an alteration in the boundaries of the municipalities of Manmad, Poona City, Bandra and Vile Parle in the presidency proper, and of Manjhand in Sind.

3. *Constitution of municipalities.*—In the Northern division the municipal borough of Broach, which was superseded in November 1932, was re-established with effect from 1st November 1934. Triennial elections were held during the year at Dholka, Viramgam, Modasa, Sanand, Ranpur, Kapadvanj, Broach, Ankleshwar, Jambusar, Godhra, Dohad, Surat, Kalyan, Bassein and Bhiwandi. The voting was brisk in all these municipalities except in Surat.

In the Central division the extension of the areas of the Bandra, Juhu and Vile Parle municipalities necessitated a change in their constitution. The superseded municipality of Nandurbar in the Nasik district continued to be administered by a committee of management up to 15th December 1934 when it was reconstituted with 6 nominated and 6 elected councillors with the mamlatdar as ex-officio president. Owing to the incapacity of the Shirpur municipality to administer its affairs properly, its constitution was revised with effect from 1st April 1935 by reducing the number of elected councillors

from 16 to 4 and increasing the number of nominated councillors from 4 to 8, with the mamlatdar as ex-officio president. The Kurla municipality in the Bombay Suburban district was superseded for mal-administration for a period of three years from the 1st November 1934. Triennial elections were held in 31 municipalities of this division and were well contested in the majority of cases.

In the Southern division the period of supersession of the Navalgund and the Kumta municipalities was extended so as to enable the committee of management at Navalgund to recover the arrears of taxes and prepare a fresh register of demand and that at Kumta to revise the house tax and assessment lists. Triennial elections were held in 19 municipalities and were well contested. The electoral rolls of the Dharwar municipality were found to have been fraudulently prepared by the insertion of names of persons who were wrongly shown as tenants in order to ensure the re-election of particular candidates. An even more flagrant case of the same kind has come to light since the close of the year in the Gokak municipality.

In Sind, the affairs of the superseded municipality at Shikarpur continued to be satisfactorily managed by the administrator appointed by Government.

Triennial elections were held at Hyderabad, Matiari, Sukkur, Ghotki, Larkana, Kotri, Tando Adam, Shahdadpur, Mirpurkhas and Umarkot and were well contested in most cases.

A consolidated statement* showing the number of voters who exercised the franchise at the general elections in the presidency proper and Sind, is appended.

4. *Attendance at municipal meetings.*—The number of meetings held was 3,904 as against 3,977 in the previous year; but the average percentage of attendance at the meetings increased from 60·22 to 62·49. The rise in the percentage of attendance and the decrease in the number of adjourned meetings from 1,434 to 1,357 indicate a keener interest on the part of members in municipal affairs and better despatch of work.

5. *Changes in the system of taxation—house and drainage taxes.*—In the Central division the Manmad municipality increased the rate of its house tax, but did not enforce it during the year. In Sind the Dadu municipality imposed house tax, while at Shikarpur the drainage tax was increased from $3\frac{1}{8}$ per cent. to 5 per cent. of the annual letting value while the house tax levied at 5 per cent. of the annual letting value was abolished.

Octroi.—The Belgaum municipality in the Southern division and the Rohri municipality in Sind revised their octroi schedules during the year.

Terminal tax.—The Mahad municipality in Kolaba district and the Thana municipality introduced the system of terminal tax in lieu of octroi in order to do away with the refund system. The Bhiwandi and Bulsar municipalities in the Northern division and the Hyderabad, Sukkur and Tando Adam municipalities in Sind amended their terminal tax schedules.

Water rate.—A general water rate was imposed by the Nandurbar municipality for the first time during the year.

Sanitary Cess.—The Bijapur, Ilkal, Manmad and the Garhi Yasin municipalities revised their special sanitary cess rules with a view to making the special sanitary service self-supporting. The Erandol municipality revised its rules so as to withdraw the exemption previously enjoyed by payers of the special sanitary cess from liability to pay the general sanitary cess.

Conveyance tax and tolls.—The Poona City, Dhulia, Bandra and the Chiplun municipalities revised their wheel and toll tax schedules. The Nasik, Bandra and the Tatta municipalities revised their rules in order to exempt through traffic on provincial roads from the payment of toll tax. The Dadu municipality imposed wheel and toll taxes for the first time. The Kotri municipality imposed a wheel tax on motor lorries and buses while the Bandra municipality reduced the wheel tax on carts fitted with pneumatic tyres to half the scheduled rates.

*Appendix A.

Miscellaneous taxes.—The Dadu and Guledgud municipalities introduced the levy of a tax on shops, and the Jalgaon municipality imposed a tax on hotels. The Guledgud municipality also raised the amount of license fees levied on dangerous and offensive trades. The Amalner municipality revised its lighting and cotton manufacturing taxes.

6. *Municipal income.*—The aggregate gross income of the municipalities rose from Rs. 3,47 lakhs to Rs. 4,00 lakhs. Deducting receipts under "extraordinary and debt" the ordinary income amounted to Rs. 2,22¾ lakhs against Rs. 2,10½ lakhs in the previous year. Sind and all the three divisions shared the increase.

(*a*) *Octroi and terminal tax receipts.*—There was an increase of about Rs. 2,56,000 under this head, which is shared by all the divisions and Sind. The largest portion of the increase was contributed by the Northern division, the Ahmedabad municipality alone accounting for an increase of Rs. 1,15,000 under terminal tax due to the continued trade activity in that city. The Central and Southern divisions and Sind showed increases of about Rs. 73,000, 26,000 and 54,000, respectively, due to improved trade conditions generally and effective supervision of collection work.

(*b*) *Taxes on houses and lands.*—The receipts under this head showed an increase of about Rs. 2,95,000, which was shared by all the divisions and was due mainly to the recovery of the arrears of past years. The Central division alone showed an increase of about Rs. 2,09,000, of which Rs. 1,25,000 were contributed by the Bombay Suburban district.

(*c*) *Water rates.*—The receipts under this head showed a decrease of about Rs. 1,10,000, the Ahmedabad municipality being mainly responsible for the fall (*vide* paragraph 12 infra).

(*d*) *Revenue derived from municipal property.*—Under this head there was an increase of about Rs. 2,02,000, which was shared by Sind (Rs. 1,21,000), the Central division (Rs. 87,000) and the Northern division (Rs. 32,000).

(*e*) *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes, amounted to Rs. 16,56,531 as against Rs. 15,23,862 in the previous year. The increase occurred in all the divisions, the Northern division alone accounting for about Rs. 92,000.

7. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 2,22,74,376, Rs. 1,63,86,264 were realised from municipal rates and taxes, compared with Rs. 1,56,51,045 in the previous year. Direct taxation yielded Rs. 98,32,676 or 60 per cent. of the total and indirect taxation Rs. 65,63,588 or 40 per cent. The corresponding percentages in the previous year were 59·77 and 40·23.

The following table shows the average incidence of taxation and income per head of population during the year under report as compared with the previous year in the presidency as a whole and in each of the 3 divisions and Sind :—

	Incidence of taxation.		Incidence of income.	
	1933-34.	1934-35.	1933-34.	1934-35.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Presidency (including Sind) ...	5 4 5	5 7 9	7 1 5	7 7 3
Northern division	7 4 10	7 5 8	8 11 2	8 13 6
Central division	4 14 6	5 4 3	6 14 3	7 5 4
Southern division	3 7 7	3 9 11	4 9 8	4 11 4
Sind	3 6 8	3 9 7	5 15 0	6 11 9

8. *Recovery of dues.*—Though some improvement is noticed in the collection of dues by municipalities, many municipalities still showed large amounts of arrears at the close of the year. In the majority of these cases the arrears are reported to be due chiefly to reluctance of these bodies to take prompt and effective measures for recovery and to the inefficiency of the municipal executive and collecting staff. The question of finding ways and means for preventing the accumulation of arrears of municipal taxes was considered by the Commissioners in conference and the proposals made in their joint report are under consideration.

The total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year was about Rs. 24·83 lakhs i.e., a decrease of about Rs. 7·29 lakhs in the figures of the preceding year.

In the Northern division, the arrears showed a marked increase in Viramgam, Sanand, Umreth, Borsad, Nadiad, Kalyan, Bassein and Bhiwandi municipalities. The work of recovery in the Ahmedabad and Surat municipalities was creditable.

In the Central division the outstandings on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate at the end of the year amounted to Rs. 11,40,475, as against Rs. 13,39,584 in the preceding year. The decrease was due to the good progress in collection work made by the Poona City, Sholapur, Barsi and Kurla municipalities. In the Kurla municipality the administrator succeeded in reducing the arrears which amounted to Rs. 3,97,475 at the beginning of the year to Rs. 2,32,735 at the end of the year.

In the Southern division, the municipalities had to recover in all Rs. 11,15,000 including the arrears of previous years amounting to Rs. 3,41,000. Out of the total dues Rs. 7,73,000 were recovered, leaving about 30·67 per cent. of the total demand outstanding. The arrears were specially heavy in the Athni, Gokak, Bail Hongal, Saundatti-Yellamma, Bijapur, Dharwar, Nargund, Haveri, Navalgund, Byadgi, Gadag-Betgeri, Hubli, Gokarn, Kumta, Honavar, Uran, Pen, Panvel, Malwan, Ratnagiri and Vengurla municipalities.

In Sind the work of collection of taxes showed some improvement as the total arrears at the close of the year under report were Rs. 93,698 as against Rs. 98,758 on 31st March 1934. The administrator of the Shikarpur municipality succeeded in reducing its arrears from Rs. 17,835 to Rs. 1,374 only.

9. *Working of octroi and terminal tax systems.*—In the Northern division the municipalities of Dholka, Viramgam, Ranpur, Surat and Bassein continued to levy octroi. Seventeen municipalities including the Thana municipality imposed terminal tax. The Thana municipality imposed this tax in lieu of octroi during the year. Out of the gross collections of Rs. 5,10,740 from octroi in the Northern division a sum of Rs. 1,66,923 was refunded on account of goods re-exported from municipal limits, as against Rs. 1,27,967 in the previous year, the Surat municipality alone being responsible for a refund of Rs. 1,65,702. The Godhra municipality which used to collect terminal tax through the agency of the Railway administration is now collecting it departmentally.

In the Central division the octroi system was in force in 34 municipalities while ten municipalities levied terminal tax. Karad is the only municipality in the Central division which levied octroi as well as terminal tax. The gross octroi collections amounted to Rs. 16,39,683, the net income being Rs. 15,39,332. The percentage of refunds in respect of re-exported goods was 6·1 as against 5·4 in the preceding year.

In the Southern division the octroi system was in force in 21 municipalities, while 12 municipalities levied terminal tax. The gross receipts from octroi amounted to Rs. 6,32,343, of which Rs. 15,920 were refunded in respect of re-exported goods, the percentage of refunds being 2·51 as against 2·90 in the previous year.

In Sind, the system of terminal tax was in force in 15 municipalities. The remaining municipalities except Dadu levied octroi. Hyderabad is the only municipality which levied terminal tax as well as octroi.

10. *Expenditure.*—The total expenditure of the municipalities during the year was Rs. 3,97,49,000 as against Rs. 3,55,23,000 in the previous year. Excluding the item "extraordinary and debt", the expenditure amounted to Rs. 2,12,23,000 as against Rs. 2,02,99,000 in the preceding year.

(*a*) *Water supply.*—The total expenditure on water supply increased by about Rs. 51,000, mainly under establishment, repairs, etc.

(*b*) *Drainage.*—The expenditure under this head increased by Rs. 28,000. The increase was mainly accounted for by Sind under "Capital Outlay".

(*c*) *Conservancy.*—The expenditure under this head which represents money spent on road cleaning and watering, and on public latrines, but excludes expenditure on special sanitary service amounted to Rs. 24,43,000 as against Rs. 24,41,000 in the previous year.

(*d*) *Hospitals and dispensaries.*—The following 29 municipalities failed to spend on medical relief the minimum 4 per cent. of their expenditure as enjoined by Government :—

> Ahmednagar, Jalgaon, Nasik, Manmad, Bhagur, Poona City, Satara City, Satara Suburban, Ashta and all the five municipalities of the Bombay Suburban district in the Central division; Belgaum, Nipani, Bijapur, Dharwar and Karwar in the Southern division; Kaira, Godhra, Dohad, Broach, Surat and Thana in the Northern division; and Nasarpur, Larkana, Dadu and Jacobabad in Sind.

(*e*) *Road expenditure.*—The expenditure on roads amounted to Rs. 17,51,000 against Rs. 15,41,000 in the previous year. The Central and Northern divisions and Sind accounted for increases of Rs. 1,10,000, 85,000 and 59,000, respectively.

In the Northern division, the Ahmedabad municipality spent a sum of Rs. 3,27,440 on road improvements and has now a length of about 35 miles of asphalt roads. Nine municipalities in this division failed to observe the principle of devoting the whole of the proceeds from wheel tax and tolls to the construction and maintenance of roads.

In the Central division, as a whole, the total expenditure on roads was more than twice the income derived from the wheel tax and road tolls but 19 small municipalities spent on roads much less than the income derived from these taxes.

In the Southern division, 17 municipalities did not spend the whole of their income from wheel tax and tolls on the construction and maintenance of roads while some of these municipalities merged their road fund balance in their general balances.

In Sind, the Hala, Garhi Yasin, Larkana and Sehwan municipalities failed to appropriate fully their income from tolls and wheel tax to expenditure on roads while the first named two municipalities did not create separate funds for the purpose. The Commissioner in Sind and the Commissioners, Northern division, Central division and Southern division should be requested to impress upon the municipalities concerned the desirability of devoting as far as possible the whole of their net income from wheel tax and tolls to expenditure on roads.

(*f*) *Public Instruction.*—The total expenditure under this head amounted to Rs. 45,44,000 as against Rs. 44,34,000 in the preceding year. Sind and the Southern and Central divisions showed increases of about Rs. 52,000, Rs. 43,000 and Rs. 17,000, respectively, due mainly to the opening of new schools and the construction of school buildings.

11. *Closing balance.*—The aggregate closing balance of all the municipalities in the Presidency including Sind, amounted to Rs. 58,59,000 as against Rs. 55,80,000 in the preceding year.

12. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from the water rate fell from Rs. 19,45,990 in the previous year to Rs. 16,64,917 in the year under report. The decrease was due to the fact that in the previous year a major portion of the arrears of water tax was recovered from the mills. Out of the total income, Rs. 7,35,352 were derived from the direct sale of water and Rs. 9,29,565 from the general water rate. The expenditure, including interest, sinking fund, and depreciation charges amounted to Rs. 4,89,082 as against Rs. 4,42,653 in the preceding year, thus showing a profit of Rs. 11,75,835. The working of the water supply installation at Surat showed a net profit of Rs. 1,78,051 as against Rs. 1,29,472 in the preceding year. The water supply accounts of the Kapadvanj, Thana and the Bhiwandi municipalities showed a profit, whilst the Rander municipality incurred a loss.

In the Central division the water works at Ahmednagar, Dhulia, Nasik, Trimbak, Sirur, Satara City, Karad and Vita yielded a profit whilst those at Jalgaon were run at a loss.

In the Southern division the water works at Dharwar, Hubli, Pen, Roha-Ashtami, Matheran and Panvel showed a profit whilst those at Bijapur and Alibag worked at a loss.

In Sind, the water works at Hyderabad worked at a loss whilst those at Sukkur showed a profit. In view of the defective system of maintaining the water works accounts by these municipalities the correct financial position of the works cannot be ascertained.

13. *Audit of accounts.*—The principal defects noticed in the audit of the accounts were, as usual, the accumulation of arrears, incomplete maintenance of demand and assessment registers, slack supervision by officers over the work of their subordinates, and failure to take proper disciplinary action for negligence on the part of the staff.

In the Northern division audit disclosed cases of misappropriations or defalcations in the accounts of the Dholka, Bassein, Surat and Nadiad municipalities. The municipalities of Nadiad, Mehmedabad, Kapadvanj, Borsad, Umreth, Dakor, Rander, Dhandhuka, Ranpur, Modasa and Prantij have been called upon to take suitable measures to improve their financial resources or to effect economy in the required directions.

In the Central division several municipalities had to be warned that action under section 10(5) of the Local Fund Audit Act would be taken if replies to the audit notes were not given by the prescribed dates. The audit of accounts of the Amalner and Pandharpur municipalities disclosed misappropriation of funds and serious financial irregularities.

In the Southern division want of proper supervision over the subordinates in the Gadag-Betgeri municipality rendered possible the falsification of accounts in respect of the cattle-pound receipts and misappropriation of money by the collection clerks.

In Sind no serious irregularities were detected.

14. *Grants for sanitary and town improvement schemes.*—The majority of municipalities are alive to the needs of efficient water supply and drainage, but are generally prevented from launching schemes in this direction owing to lack of funds. In the year under report as in the previous year financial stringency prevented Government from giving any substantial assistance to municipalities. The only help that is now ordinarily given by Government in the case of sanitary works of local bodies carried out by Government agency is a rebate of 13 per cent. out of the full centage charges of 28 per cent. in

respect of establishment, tools and plant. The following special and ordinary grants were given by Government during the year :—

Municipality.	Purpose.	Amount.
		Rs.
Mahableshwar	Road improvement	6,000
Trimbak	Sanitary arrangements for pilgrims ...	6,576
Poona City	Drainage	1,679
Alandi	Water supply	763
Matheran	Water supply	965

PART II.

Remarks regarding more important municipalities.

15. *Ahmedabad.*—The financial position of this municipality is perhaps the strongest among municipal boroughs in the Presidency including Sind. After meeting the extraordinary expenditure of about Rs. 7 lakhs from general revenues the municipality had at the close of the year Rs. 32,37,681 in fixed deposits, while the average surplus of income over expenditure works out at Rs. 9,41,574 per year. The recovery of arrears also showed good progress during the year.

The municipality made continued efforts to increase its water supply and to improve its distribution system in order to meet the ever increasing demand from the public. It also pushed on its plans to remove congestion by developing areas included in the various town planning schemes and by widening roads. It has succeeded in asphalting nearly 35 miles of roads.

The municipality has not however been able to tackle successfully the problem of the disposal of sewage from the city and suburban areas. The increasing quantity of sewage for disposal far exceeds the capacity of the absorption beds provided by the municipality, with the result that all the surplus sewage is directed into the Sabarmati river. This has given rise to bitter complaints from the residents of the riverine villages below Ahmedabad which are dependent on the river for their water supply. Government hope that the municipality will devote as much attention to this problem as it has devoted to the question of water supply and roads.

The financial administration of the municipality in respect of its investments and the utilization of its accumulated balances is however not above criticism. The matter has been brought to its notice by the Commissioner, but Government regret to find that the municipality is not inclined to listen to the advice given by that officer.

Surat.—The financial position of the municipality was sound and there was substantial reduction in the arrears of taxes. The municipality made good progress in improving its water supply by enlarging the water mains from the station to the Athwa Gate ; and it is anxious to carry out its scheme of discharging sewage into the Mindhola river instead of its present unsatisfactory disposal at a sewage farm.

Poona City.— The municipality is to be congratulated upon formulating a comprehensive scheme to aspalt all its important roads measuring about 40 miles in length at a total cost of Rs. 11 lakhs. Substantial progress was made in the recovery of arrears, and measures to remedy the defects pointed out by the Government auditors have been taken in hand. The question which demands early attention of the municipality is that of adequate expenditure on medical relief. Government trust that it will not be long before the municipality decides to spend at least 4 per cent. of its total income on this important item.

Sholapur.—The financial position of the municipality was on the whole satisfactory. The municipality is to be congratulated upon maintaining the standard of efficiency and public spirit that it evinced in the previous year. The questions of the internal drainage of the city, asphalting of roads and electric lighting are receiving careful consideration at the hands of this progressive municipality.

Hyderabad.—It is gratifying to note that after a long series of deficits the municipality was able to keep its expenditure within its income; but the financial position cannot yet be said to be satisfactory. It is hoped that the municipality will not relax its efforts towards further improvement in this direction and that it will soon surmount its reluctance to tap available sources of direct taxation.

It is satisfactory to note that the municipality has under consideration projects for an under-ground drainage scheme and of filtration of water.

PART III.

16. *General Remarks.*—The administration of the municipalities as a whole was as satisfactory as could be expected within the limits imposed by financial stringency. It is encouraging to find that financial difficulties did not deter certain progressive municipalities from applying for permission to raise loans in the open market for their public health and other improvement schemes.

As a result of the warning conveyed by Government last year there was some improvement in the recovery of arrears of taxes during the year. The success achieved by the administrators of the superseded municipalities of Kurla and Shikarpur in substantially reducing the accumulated arrears of past years shows what strict and impartial methods of administration can do in this direction.

Government regret to note that the electioneering methods employed by certain municipalities during the year were of a very questionable character. In the instances noticed the chief officers showed a lamentable disregard of their responsibilities by allowing themselves to be made the tools of the party in power and fraudulently manipulating voters' lists in the interests of that party.

Government are glad to note the commendation bestowed by local officers upon the administration of certain municipalities and the public spirited work of the non-official presidents of those bodies. Government would also like to place on record their appreciation of the efforts of their officers in the Revenue, Public Health and other departments in helping and guiding the municipalities in various directions.

By order of the Government of Bombay
(Transferred Departments),

H. K. KIRPALANI,
Secretary to Government.

* It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.
